

# Introducing

# RAHAL OPTICAL

## GRAND OPENING SPECIAL

# 50% OFF

Any frame with purchase of lenses

Offer Expires Feb. 28, 2013

Caring for your eyes' health is an important part of your overall healthcare regimen. When you are looking for a new pair of glasses or contact lenses, you want an optical centre that will provide the personalized service you need for maximum vision and style.

Since 1994, **Rahal Optical** has served thousands of satisfied customers at its Bathurst and St. Clair location in Toronto, and has recently opened a second

location in Aurora.

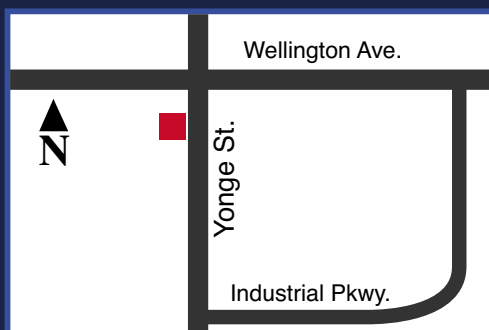

**Rahal Optical** is not your typical optical experience. Their highly trained and skilled opticians put their customers' eye health first. Specializing in progressive lenses (also known as invisible bifocals), and in stronger prescriptions, their goal is to make every customer look great and see better. Each person is unique, and

Rahal Optical believes your glasses should be an extension of you. They carry a wide selection of frames to match every budget. They get to know their customers, and will help you pick out the perfect pair of glasses for you-based on your personality, lifestyle, and the look you are trying to achieve. Rahal Optical is conveniently located in Aurora at 15904 Yonge Street (just south of the library). Come in and take advantage of their grand opening special - until the end of February, receive 50% off of frames with the purchase of lenses. Rahal Optical also offers a 10% seniors' discount. Call 905-503-EYES (3937) for more information.
